That's our Chief, alright.
You're not going to drink?
Chief?
haa
You still have a lot to learn.
You aren't even drinking the product your own company's promoting?
Deputy Director Shiraishi!
What are you talking about?
Crack

Were they hired around the same time?
I'm always the one supporting everyone behind the scenes.
You can definitely tell the two of them are rivals.
There she goes, trying to start something with the Chief again

If I weren't here,
you can bet it wouldn't have run so smoothly.

She gets quite clingy when she's drunk.

Listen,
alcohol gets to you easily, so you need to control yourself.

I'll make sure she apologizes tomorrow.
We'll be off now.

...it must be so wonderful to have someone come pick you up...

Of course, I'd go and pick my prince up myself.

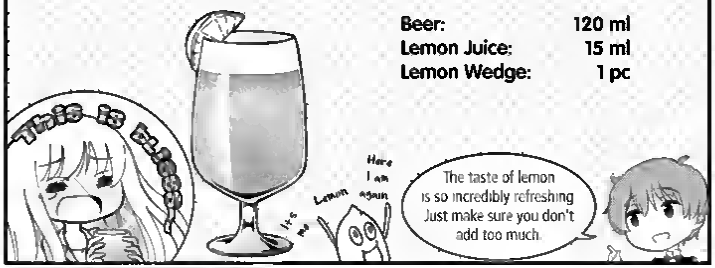
Lemon Beer

Beer:	120 ml
Lemon Juice:	15 ml
Lemon Wedge:	1 pc



This is bitter.
It's me
Lemon
Here I am again
The taste of lemon is so incredibly refreshing. Just make sure you don't add too much.

Lemon Beer

Recipe

Beer	120 ml
Lemon Juice	15 ml
Lemon Wedge	1 pc

1. Chill glass beforehand.

2. Fill with beer until glass is about seven-tenths full

3. Squeeze in fresh lemon juice. Store-bought lemon juice also works

4. Gently stir one or two times.

5. Garnish with lemon wedge and add gum syrup to taste, then enjoy.♡

Memo

Beer cocktails featuring lemon are quite popular. Germany has its lemon-flavored carbonated drinks and Radler Beer, and France has a drink called the Panaché with almost the same recipe but a different name. Those two recipes don't call for gum syrup, but the sweetness mellows out the taste, making it easier to drink.

Almost good on typesetters, now inviting translators!

Well, 2017 has definitely been a good year for us so far. Our translators are sticking around, as are most of the redrawers. Now we only need a typesetter for ***Shounen Y*** (test: https://goo.gl/vQuPZA) and we'll be good on editors!

Right now, we do need a translator for a moe series, ***Alice ar Alice***.

Last time, I made a list of stuff we definitely wanted to do and ended up picking up most of them. This time, though, I'll make a looser list based on stuff that is stalled or upon which we've stumbled in recent months. If you are a translator and would like to help out, I can only promise to make a bait chapter initially, and use it to fish for editors. That's why this is an invitation, not a recruitment. If you have your own ideas of what you'd like to do, we're open to those, too.

- ***Diamand Cut Diamand*** (shounen, supernatural)
- ***Ragna Crimson*** (shounen, fantasy)
- ***Lucifer's Right Hand*** (seinen, medical)
- ***Gleipnir*** (seinen, ecchi, supernatural)
- ***Primeval taiga*** (seinen, Mori Kouji nonsense)
- ***The small plaza*** (we have no idea, but some random person gave us raws; one-volume collection of stories. In Japanese, *Chiisana hiroba*)
- ***Desire Devil*** (first serialisation of Mitabi Irohara, author of the famous one-shot, ***Sex Manga***; no idea what it is about)

The list will be very fluid in future versions of this ad, and may change according to our whim or mood. At least, until we lock on something.
